WHAT'S INSIDE

BATMAN 1

Terry McGinnis is back in the new six-issue series *Batman Beyond: Neo-Year*—and without Bruce Wayne. Neo-Gotham will do everything in its power to destroy Terry, including creating brand-new villains to fight him! In the present, “Shadow War” continues! Ra’s al Ghul is dead, and Talia is out for revenge! And in *Batman/Superman: World’s Finest #2*, the Man of Steel and the Dark Knight have arrived at the compound of Niles Caulder—the Chief in charge of that strange band of misfits known as the Doom Patrol—but all is not as it seems.

DC UNIVERSE 10

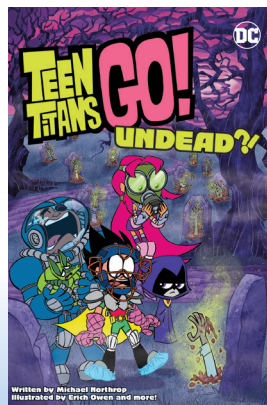

The world of *Flashpoint* returns, and legendary writer Geoff Johns comes back to the alternate world he created, partnering with prolific artist Eduardo Risso as he returns to the Flashpoint Batman! Forced to don the cowl once again, Batman prowls the streets of Gotham searching for answers to how this world still exists. Spinning out of the hit CW shows, *Earth-Prime* continues the adventures of your favorite heroes from the small screen! Plus, prepare for the upcoming blockbuster film with *The Flash: The Fastest Man Alive #1*!

SANDMAN UNIVERSE 26

Horror-comics superstar James Tynion IV has waited his whole career to pay tribute to the mythos of *The Sandman*, the work that made him the writer he is today—and that time has come! Designed to welcome new readers into one of the greatest worlds in DC’s library, *The Sandman Universe: Nightmare Country* is a terrifying travelogue through a nation recognizable and obscene—with spectacular art by Lisandro Estherren and “nightmare” sequences by comics art all-stars!

COLLECTED EDITIONS & ORIGINAL GRAPHIC NOVELS 32

Robin and his team take to the streets, trying to save the city from the bargain-hungry undead. But in *Teen Titans Go! Undead?*, these zombies really bite: the cemetery isn’t safe, the H.I.V.E. Five are not alive, and Robin’s teammates are about to succumb to shopping fever! Fly high with Jonathan Kent’s acclaimed adventures in *Superman: Son of Kal-El Vol. 1: The Truth*, and catch up with the dysfunctional father/daughter duo of *Crush & Lobo!*

FLASHPOINT: THE 10TH ANNIVERSARY OMNIBUS

The Flash's world has changed, and the whole DC Universe with it. Even the Fastest Man Alive can run out of time, and if there is to be anything left of the past, present, or future, Barry Allen must learn the secret of...FLASHPOINT!

Barry Allen awoke in a world he barely recognizes, but it isn't a trick or a parallel Earth. Something or someone has altered time, replacing Barry's world with a new one. And this new world is not a safe place.

The planet is on the brink of destruction as Wonder Woman and the Amazons wage war with Aquaman and the Atlanteans. A motley group of heroes is mounting a resistance, but in this world, heroes are hard to come by. No one has ever heard of the Flash, or the Justice League, or even Superman. Hal Jordan was never given a Green Lantern ring, and Bruce Wayne was killed in Crime Alley when he was just a little boy.

Without his powers or his friends to aid him, Barry reaches out to a new Batman to put the world right. If they fail, they'll never escape the twisted world of...FLASHPOINT!

Collecting the five-issue *Flashpoint* miniseries along with the prelude story from *The Flash* #8-12 and all 56 tie-in issues, *Flashpoint: The 10th Anniversary Omnibus* features a rogues gallery of comics talent including Geoff Johns, Andy Kubert, Brian Azzarello, Eduardo Risso, Scott Snyder, Jeff Lemire, Gene Ha, Dan Jurgens, and more.

Sometimes, nightmares walk the Earth. Every night when you sleep, the Lord of Dreams chooses the path you'll follow...into a sylvan Elysium, or down the hallways of your darkest fears. And sometimes, if it is Dream's will, those nightmares escape those halls, and go out into the world. But it is not a choice he makes lightly.

Today the Corinthian walks the Earth again. The most feared of all Dream's nightmares, his ravenous mouths have made him a legend among serial killers. Letting the Corinthian out among mortals is the most dangerous thing Dream could possibly do. But he has no choice—because there is *another* nightmare walking the Earth, one that must be hunted...and this monster is one that Dream, lord of all nightmares, *did not make*.

Horror-comics superstar James Tynion IV has waited his whole career to pay tribute to the mythos of *The Sandman*, the work that made him the writer he is today—and that time has come! Designed to welcome new readers into one of the greatest worlds in DC's library, *The Sandman Universe: Nightmare Country* is a terrifying travelogue through a nation recognizable and obscene, which will show you things seen in no *Sandman* series ever before—with spectacular art by Lisandro Estherren (*Redneck, Strange Skies Over East Berlin*) and "nightmare" sequences by comics art all-stars, starting with the incredible Yanick Paquette!

The SANDMAN

AN INTERVIEW WITH JAMES TYNION IV

CLEARLY, *THE SANDMAN* MEANS A TREMENDOUS AMOUNT TO MOST PEOPLE WHO LOVE COMICS—AND TO MOST PEOPLE WHO CREATE COMICS. AS BROADLY OR AS NARROWLY AS YOU'D LIKE, WHAT DOES THE ORIGINAL SERIES MEAN TO YOU? HOW HAS IT INSPIRED YOU OVER THE YEARS AS A READER AND A WRITER?

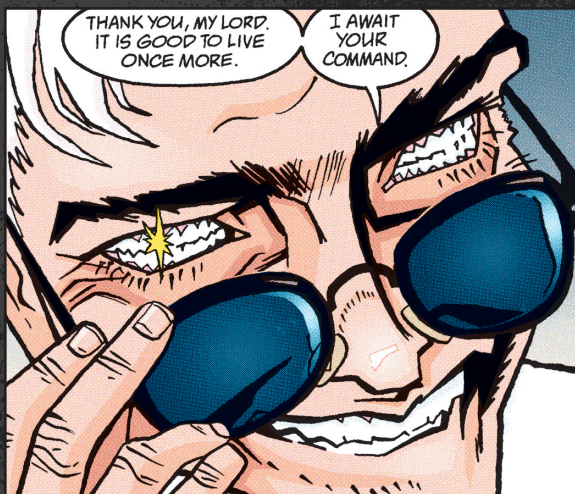

The Sandman is the series that made me want to become a comic book writer. Growing up, I loved reading the comics about costumed heroes and villains, but the stories that I kept wanting to put to paper lived in many genres, and I had convinced myself that the only place you could get away with that was in prose. It wasn't until early high school when I got my hands on the first volumes of *Sandman* that I saw the immensity of what was possible in a comic book, and I became determined to spend my life making comics. I remember the week I got copies of the first comic book with my name on the cover. I sent Neil Gaiman a long, rambling message through his Tumblr thanking him for inspiring me to pursue the comic book medium, and he sent me a very kind message back. I think *Nightmare Country* might end up being an even longer-form thank-you to Neil for setting me down this path.

WITH THAT COMES THE NATURAL NEXT QUESTION—AS SOMEONE FAMILIAR WITH WRITING CHARACTERS WITH ENORMOUS CULTURAL FOOTPRINTS, HOW DOES IT FEEL TO NOW BE CONTRIBUTING TO THE SANDMAN UNIVERSE? WHAT KIND OF EMOTIONS COME WITH BEING IN THIS SURELY THRILLING AND INTIMIDATING POSITION?

I'm glad that I got the offer at a point in my career that I feel like I'm worthy of the task at hand. The real nightmare would have been getting a chance to write a story in the Sandman Universe when I was still cooking a bit as a writer, and never getting a second shot at it. It's definitely still incredibly intimidating, but in an exhilarating way. I want to make a comic that captures my love of the original, but can also work as an entry point into the whole world of *Sandman* for a new generation of comic book readers. I don't just want to put together a greatest-hits album of the *Sandman* beats and stories I loved the most and remix them for a new audience. I want to capture what it felt like to be reading *Sandman* for the first time as a 15-year-old, and having a whole new world of possibility open up to me.

HOW DID YOU ARRIVE AT THE CORINTHIAN AS THE FOCAL CHARACTER OF THIS SERIES? WHAT TYPE OF STORY IS POSSIBLE WITH HIM THAT'S DIFFERENT FROM THE OTHER GENRES OF HORROR YOU'VE EXPLORED?

People familiar with my non-superhero work won't be surprised to learn that my favorite genre is horror, and

consequently, the arc of *Sandman* that I've come back to over and over and over again is "The Doll's House." The Corinthian is one of the best images in comics, and as a figure he is absolutely terrifying. The sequences in and around the Cereal Convention in that arc come back to me, over and over again. I knew I wanted a dynamic nightmare at the heart of the book, and my mind jumped to the Corinthian immediately. *Nightmare Country* is going to take place primarily in the real world, with real human characters who have never heard of the Endless or the Dreaming, who don't know that magic exists, who don't know that there are gods and faeries and immortals walking the world around them. We're going to see the Corinthian walking through their lives, as he tries to piece together a mystery that he doesn't fully understand.

LISANDRO ESTHERREN HONED HIS HORROR-COMICS CHOPS ON *REDNECK*—WHAT EXCITES YOU ABOUT WHAT HE BRINGS TO THIS SERIES?

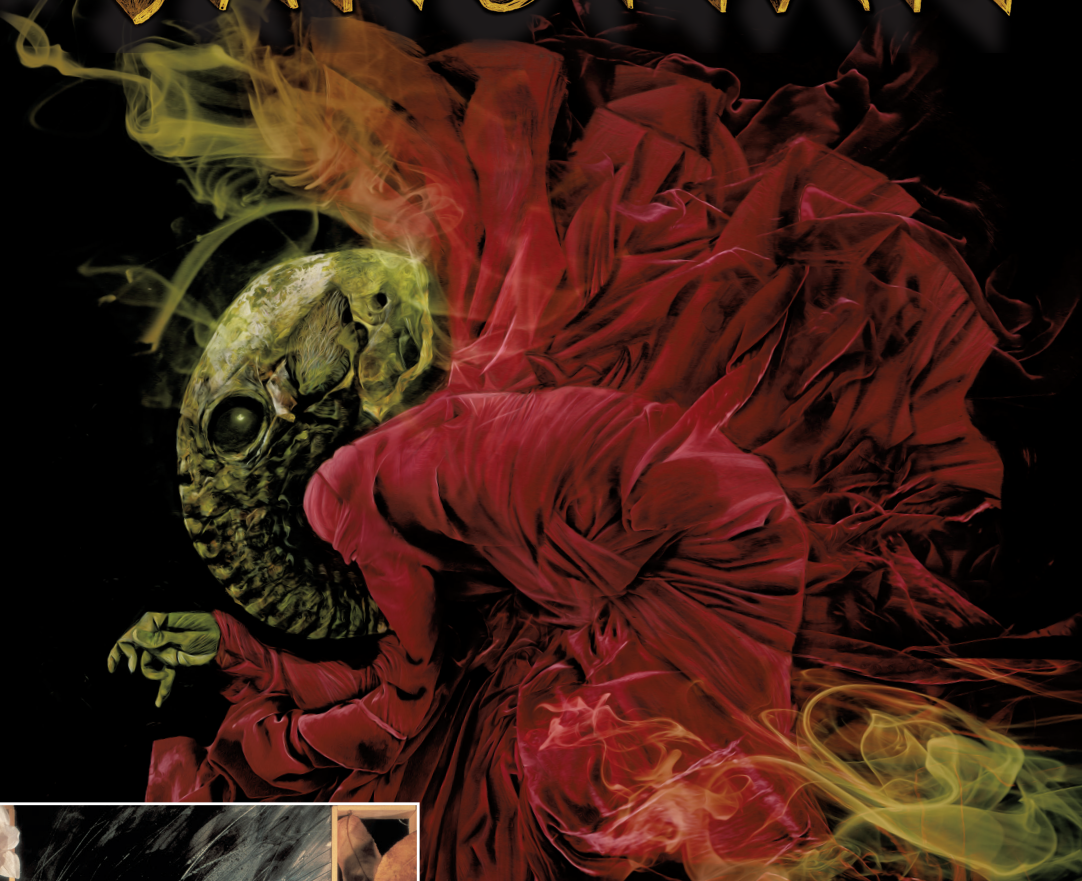

I've been a tremendous fan of Lisandro's for years now, and I'm so damn thrilled to be working with him on the book. We're right at the start of our creative journey together, but the thing that put him right the top of the list of candidates is the range of his storytelling. I loved his work on *Redneck*, but another one of my favorite comics of the last few years was *Strange Shies Over East Berlin*, where he pushed his style in a very different direction. The best *Sandman* stories explore a breadth of style and approach, and aren't afraid to experiment.

RATHER CURIOUS ABOUT MR. AGONY AND MR. ECSTASY—HOWEVER VAGUELY AS IS APPROPRIATE, WHAT CAN YOU TEASE ABOUT THESE NEW CHARACTERS?

They are very clever at coming up with new ways to kill people.

The inmates who volunteered for the Blaze program are discovering fascinating things about their newfound powers—and about the best ways to torment their Suicide Squad watchdogs. Are they discovering anything about their core mission of stopping the cannibalistic metahuman who's terrorizing the planet and who, uh...might have just defeated Superman...? Well, slightly less so. But they're all going to be dead in three months. Or a lot less. Let them have fun, eh?
