Two titans of the Milestone Universe clash — and in the process, set in motion a chain of events leading to a story bigger than you could ever imagine! When Hardware discovers a long-suppressed time machine hidden in a government warehouse, his obsession with righting the wrongs of the past — those of both American history and his own tragic family — will unravel the fabric of time for the Milestone Universe. But while there are many problems with Hardware's plan, there's one big one: wherever he goes in America's last two centuries, Icon is there, having lived through it! And a man as powerful as Icon knows the profound danger of the forces Curtis Metcalf is unleashing...and he'll do whatever it takes to put the genie back in the bottle!

*Icon Vs Hardware* is the official kickoff of Act One of Milestone's WORLDS COLLIDE event—and if you think you know what that phrase means, you'd better not get overconfident! This is the ideal jumping-on point for those who've sat out the story of Dakota so far, because this ride is headed somewhere unexpected!

Art student Madison Flynn has been plagued all her life by visions of a terrifying man with mouths for eyes...but strangely, that vision is *not* a visit from the Corinthian, one of Dream's most disturbing nightmare creations. When the Corinthian himself learns of this "Smiling Man," it will send him on a quest across the nightmare country that is the waking world, where he will grapple with vicious sadomasochists, deranged venture capitalists, and the embodied spirit of America itself!

With lush, gorgeous art from *Redneck's* Lisandro Estherren and a who's-who of superstar guest artists, *Nightmare Country* is designed to welcome new readers into one of the greatest worlds in DC's library, The Sandman Universe. To make welcoming new readers easier, the collectible hardcover release (packaged with a mini-print of the iconic Death, by artist Jenny Frison) arrives in stores simultaneously with a direct-market exclusive softcover edition, priced as an easy jump-on point; both are available on the same day as the to-be-solicited April #1 issue of *Nightmare Country's* spectacular follow-up miniseries!
